Family distribution company providing manufacturing lean solutions to great customers from leading manufacturers through a qualified, trained and experienced staff. Starting our next 50 years!

Established in 1974, the Wichita Industrial Trade Show (WITS) has become a significant marketplace in the heartland of Mid-America for buyers, manufacturing sources, industrial material, machinery and equipment. The show offers a dual opportunity for exhibitors from all sectors of our industrial community to present their products and services and for professionals of all levels to view the exhibits.

The Wichita Industrial Trade Show, Inc. is sponsored by the Institute for Supply Management-Wichita and the Society for Advancement of Manufacturing as a non-profit fund raiser to support their associations and community projects. Specifically, monies from the show are used for scholarships at area colleges and universities and for various educational seminars, materials and activities.

Show management is provided solely by volunteers and employees of various companies in the community, who know how important it is to have an opportunity to keep abreast of the latest advancements in automation technologies which allow manufacturing competition throughout the world. The WITS management and exhibitors are committed to the common goal of making our community a better place to live, work and enjoy.

#### WITS 2011 PLANNING COMMITTEE

##### OFFICERS

<b>Don Lenhart, Spirit AeroSystems</b>	<b>Co-Chairman</b>
<b>Gene Sharp, Spirit AeroSystems</b>	<b>Co-Chairman</b>
<b>Debbie Jarrell, Cessna</b>	<b>Corporate Treasurer</b>
<b>Sonya Kellogg, Hawker Beechcraft</b>	<b>Corporate Secretary</b>

##### BOOTH SALES

**Dianna Wolf**

##### ADVERTISING/PROMOTION

**Steve Cochrane**

##### MOVE IN/MOVE OUT

**Jeremy Wolf, Exacta Aerospace**

##### ELECTRICAL & AIR

**Randall Shutt, Spirit AeroSystems**

##### CONCESSIONS

**Rick Neal, Midwest Dry Wall**

##### PERSONNEL

**Dana Giggy, Coleman**

##### REGISTRATION & LEAD RETRIEVAL

**Reed Bennett, Senior Aerospace Composites**

##### SECURITY/TRANSPORTATION

**John Rice, Bombardier**

##### SEMINARS/HOTELS

**Terry Klein, Murdock Companies**

SOLIDWORKS 2012: See how the new release of SOLIDWORKS can help you work smarter and faster.

**6:00 PM – Wm F Hurst Co/Kennametal Room 101B**

Engineered Solutions: Customer focused application of Kennametal metalworking technologies driving productivity and profit.

**Wednesday, October 19th**

**10:30 AM – Delcam Room 101A**

Adaptive machining: Eliminating hand work, blending and accuracy issues by adapting machining process to real world conditions.

**Fisher/Unitech Room 101B**

SOLIDWORKS 2012/SOLIDCAM: What's new? Learn more about how SOLIDWORKS delivers robust 3D design capabilities, performance and ease of use.

**MicroAir/Kansas OSHA Office Room 102**

Are you in compliance with OSHA's new combustible emphasis program?

**12:00 PM – KASA Companies Room 101A**

New technologies for heavy and large part finishing.

**Black Rock Machinery Room 101B**

Introduction to fiber laser cutting and fiber laser welding.

**KOMT/Black Line Group Room 102**

How Job Shops are benefiting from the R & D tax credit.

**1:30 PM – U S Bank Equipment Finance Room 101A**

Creative solutions for financing your equipment and facilities.

**G T Midwest/Henkel Loctite Room 101B**

New Loctite Solutions for industry.

**Tridaq Room 102**

SOLIDWORKS 2012: See how the new release of SOLIDWORKS can help you work smarter and faster.

**3:00 PM - Titanova Inc** **Room 101A**  
Benefits of laser heat treating, laser cladding overlay and laser conduction mode welding.

**Sandvik/Coromant/Precorp** **Room 101B**  
Composite and metallic stack machinability is affected by many factors that can be the difference in quality and productivity.

**Ace Industrial Products** **Room 102**  
Welding fumes: Hazards, capture and control methods and regulatory compliance considerations.

**4:30 PM - Skarda Equipment Company** **Room 101A**  
Machine safeguarding concepts and recommendations that make sense in today's world of industrial manufacturing.

**Wm F Hurst Co/Kennametal** **Room 101B**  
Engineered Solutions: Customer focused application of Kennametal metalworking technologies driving productivity and profit.

**QTE Manufacturing** **Room 102**  
MASTERCAM - DO IT FASTER! Techniques for using today's technology to CNC machine and inspect parts fast.

**6:00 PM – Red Bird** **Room 101A**  
21<sup>st</sup> Century Metrology demonstration.

**Norton/Saint Gobain Abrasives** **Room 101B**  
Maximizing process efficiency by managing abrasive finishing regarding selection, proper tool maintenance and compressor air delivery.

**Thursday, October 20**

**10:30 AM - QTE Manufacturing** **Room 101A**  
MASTERCAM - DO IT FASTER! Techniques for using today's technology to CNC machine and inspect parts fast.

**Titanova Inc** **Room 101B**  
Benefits of laser heat treating, laser cladding overlay and laser conduction mode welding.

**12:00 PM Red Bird** **Room 102**  
21<sup>st</sup> Century Metrology demonstration.
